About the Pro Bono Publico Foundation

Responding to the community's needs during the difficulties of Reconstruction, the [Rex Organization](#) was founded by a group of civic-minded individuals in 1872, over 150 years ago. Responding to the community's needs during the difficulties of recovery from Hurricane Katrina, the [Pro Bono Publico Foundation](#) was founded by members of the Rex Organization in 2006. Thanks to the generosity of its donors, the foundation has been able to make a sustained and meaningful investment in support of our community's public schools and its students. The foundation's grants and commitments show the determined efforts of Rex members and the foundation to ensure all of New Orleans' children can attend excellent schools. These schools, and organizations supporting their important work, have been the focus of the foundation's investment, as well as the commitment of dozens of Rex members serving on their boards.
